Fact Sheet

Overview

Pulido Transport was founded in 1995 by Joe Pulido, a truck driver that knows the transportation industry. The Company transports lubricants, waxes and general chemicals across the continuous 48 states with a terminal in Houston, Texas. Pulido Transport uses its own equipment and never outsources to other carriers. The Company's vision is to deliver peace of mind to every customer with the mission of safely picking up on time and safely delivering on time every load.
